Forecast For East of England
Issued by Met Office Exeter
at 0400 on Wednesday 26 May 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Sunny for most, light rain towards the north.

Today:
A largely sunny morning across the region, although turning cloudy with some light rain possible across East Anglia by midday. Cloud breaking up again during the afternoon with sunny spells becoming more widespread late in the day. Maximum temperature 17 deg C (63 deg F).

Tonight:
Cloud clearing to leave clear, dry night across the west, with some low cloud possible towards the east, particularly around the coasts. Cool inland, milder near the coasts. Minimum temperature 8 deg C (46 deg F).

Thursday:
A bright and sunny day with light winds. Staying dry and starting to feel warmer as temperatures rise towards the weekend. Maximum temperature 18 deg C (64 deg F).

Outlook for Friday to Sunday:
Weather continuing to improve through the outlook period, with dry, bright and sunny days. Cloudy along the coastlines and this extending inland each evening with some misty conditions around dawn.
